Page 1 of 1 *Resource Name or #: (Assigned by recorder) Willow Glen Trestle over the Los Gatos Creek

P1. Other Identifier: _____

*P2. Location: Not for Publication **Unrestricted**

*a. County Santa Clara and (P2c, P2e, and P2b or P2d. Attach a Location Map as necessary.)

*b. USGS 7.5' Quad _____ Date _____ T ___; R ___; ___ of ___ of Sec ___; _____ B.M.

c. Address 650 ft. north of corner of Coe Ave & Leona Ct. City San Jose Zip 95125

d. UTM: (Give more than one for large and/or linear resources) Zone __, _____ mE/ _____ mN

e. Other Locational Data: (e.g., parcel #, directions to resource, elevation, decimal degrees, etc., as appropriate)

On former Western Pacific Railroad alignment, approximately ¼ mile north of the intersection of Coe Avenue and Leona Court: 37°18'53.5"N 121°54'13.0"W (see regional map on form 523J and local sketch on form 523K).

*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

The Willow Glen Trestle (the Trestle) is located on the former Western Pacific Railroad right-of-way and crosses Los Gatos Creek between Coe Avenue and Lonus Street, in the residential community of Willow Glen, San Jose, California. The Trestle an open-deck pile-supported trestle that has an overall span length of 210.5 feet and is approximately 25 feet high at its tallest point. Constructed by the Western Pacific Railroad in 1922, the subject engineering structure is supported by two timber pile abutments and thirteen timber pile bents. The bents range in size and geometry at each location, but the longitudinal spacing of the bents is constant at approximately 15 feet. The bents have a skew angle of approximately 9.5 degrees. The Trestle communicates sufficient historic integrity to support Criterion 1, with all timber elements of the superstructure and substructure extant. Deck modifications, including removal of the rails, rail tie plates and replacement of the deck safety rail have compromised some integrity of design, materials and feeling.

P5a. Photograph or Drawing (Photograph required for buildings, structures, and objects.)

*P3b. Resource Attributes: (List attributes and codes) HP19. Bridge

*P4. Resources Present: Building **Structure** Object Site District Element of District Other (Isolates, etc.)

P5b. Description of Photo: (view, date) Southwest elevation, camera facing north, 9/27/15: see the photographic records in the Continuation Form

*P6. Date Constructed/Age and Source: Historic Prehistoric Both
94 years old: completed in 1922

*P7. Owner and Address: City of San José, 200 E Santa Clara Street, San José, CA 95113

*P8. Recorded by: (Name, affiliation, and address) Lawrence Ames
Friends of the Willow Glen Trestle
San José CA 95125

*P9. Date Recorded: 11/28/16

*P10. Survey Type: (Describe) N/A
